

## LEAD CATALYST: REACH THE BOX PEOPLE

China's Church is poised to become the largest Evangelical Church by the year 2030. Yet, the massive growth in China's Church has had nearly no effect on Chinese Muslim communities. The Box people are 15 million strong yet only 0.01% follows Jesus.

Lead Catalysts develop and implement strategies to ignite disciple-making movements within a specific geographical area. Currently, we have one family preparing to go to the field but no current on field leadership focusing on The Box people. While there are missionaries serving among The Box with other organizations, they are concentrated in certain cities. The cities and provinces we have chosen to focus on have been identified as locations where missionaries are most needed and confirmed as need cities by multiple sources.

### General Duties:

- Ignite disciple-making movements through strategic disciple-making methods that lead toward establishing Biblical Communities specific to the Box People.
- Cast vision for and empower Box believers to multiply disciples among their own people group.
- Cast vision to Han Chinese House Churches for disciple-making and church planting among the Box People.
- Work with the Silk Road Institute in SRC's Hub in China to train Han House Churches to serve among the Box People.
- Build a team of disciple-makers to serve in your geographical area.
- Assist SRC family by helping research Box communities in your province and around China to identify where the biggest needs for engagement exists.
